In 2018 she was introduced to INTIMACY COORDINATION in the UK and continued her research on the subject. Because developments in the Netherlands were too slow for her, she took matters into her own hands. In 2021 she introduced intimacy coordination to the Netherlands by organizing workshops and webinars by Ita O'Brien with the Dutch Actors and Directors Guild. After that Markoesa co-founded *Intimiteitscoördiantie Nederland*, continued training and started working as an Intimacy Coordinator in addition to being an Actor. Markoesa also trains tutors and students at various Drama and Opera Academy's in The Netherlands. She wants to create a consent driven workplace in which safety is guaranteed without losing creativity.
